

Campoamor

Campoamor Golf Par 72 18 holes 6203 metres

Golf Real Club de Golf Campoamor is situated near Torrevieja, and this eighteen hole course is a good all round course for both the professional and the amateur player.

It is in fairly open country and has attractive vegetation. The fairways at Campoamor are wide and long giving the impression of easy play. The inclination of the greens and fairways however make accurate play quite difficult and this offers the biggest challenge

There are a couple of short Par 4s, which will appeal to the big hitters who can try and reach the green in one. There is a good mix of Par 3, 4, and 5's and hole 12 makes fun play. A real holiday course, which will do your ego the world of good. This Royal course has elevated tees, wide, long and lush rolling fairways. Campoamor is the longest playing course of the three in this area. Once again good putting is required to score well here.

Overview of course Area South Costa Blanca
 Designed By Carmelo Garcia Caselles Holes 18 Course Par 72 Handicap – Men 36 – Women 36 Season Open all year Facilities Club hire, buggy hire, trolley hire. Practice balls, tuition, pro cafe, restaurant, car park, driving range, putting green, and approach zone. It needs to be noted that all measurements are in meters and to add 10% for yards
